

Pacific Waterland 2019 Car Show Judging Criteria

Here are the general guidelines that should be used when judging.

Show Prep & Display (15 pts)

Overall display of car and theme. Does everything flow together? Is there an external display? (tool kits, safety equipment, 5th wheel, or trophies)

Body (15 pts)

Straightness of body, panels and body work.

Negatives - Dents, misaligned panel gaps, cracked glass

Positives - Straight body panels and bumpers, kits, clean glass

Paint (15 pts)

Overall cleanliness and consistency of paint.

Age of car with paint needs to be taken into consideration.

Negatives - Scratches, chips, swirls, orange peel, mismatched/faded panels

Positives - polished consistent color

Engine and Compartment (20 pts)(Closed = 0 pts)

Layout and appearance of engine and compartment.

Fabrication and modifications of engine should be taken into consideration.

Negatives - Closed hood, dirty, loose wiring, rust, cluttered layout

Positives - Clean, tidy, layout of wiring and hoses

Interior (15 pts)

Cleanliness and flow of interior panels, ceiling, seats, and dash.

Negatives - Torn fabrics, mismatched fabrics, cracked dash and/or plastics

Positives - Overall cleanliness, flow of interior (matching colors and fabrics), rare interior pieces

Wheels and Tires (15 pts)

Cleanliness of wheels and tires.

Negatives - Rock chips, curb marks, chipped or faded color, overly worn tires

Positives - Polished well, clean of dust and dirt, center caps faced in same direction

Trunk (5 pts)(Closed = 0 pts)

Layout of trunk and accessories

Negatives - Closed trunk, dirty, messy wiring, cluttered layout

Positives - Clean installation of components, factory tools, literature, and overall cleanliness

If you would like your various modifications considered, please list them on the registration form and/or on a display board at the show.
